

WELLUP INTAKE FORM

The Excelsior-Kings River Resource Conservation District's (EKRC) WELLUP Programs seek to provide farmers with the technical support to evaluate their farm's water supply health and plan for the impacts of future drought and water shortages. Funded by the California Department of Food and Agriculture (CDFA) Water Efficiency Technical Assistance (WETA) Program, EKRC will provide qualified applicants with Irrigation Water Management Plans (NRCS DIA 163) and/or Surface Irrigation Water Management Plans. Both plans require a WELLUP-provided pump/well test.

Please provide the following information:

Full Name	
Mailing Address	
Phone Number	
Email Address	
Total number of Acres Farmed (Rented and/or Owned)	
Number of Pump Tests Requested	
Farm Location(s)	
Current Irrigation Method(s)	
How did you find this program?	

The Farmer Equity Act of 2017 (Assembly Bill 1348) defines a Socially Disadvantaged Farmer or Rancher (SDFR) as a farmer or rancher who is a member of a socially disadvantaged group. A "socially disadvantaged group" means a group whose members have been subjected to racial, ethnic, or gender discrimination. These groups include the following: *African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans, Native Hawaiians, and Pacific Islanders.*

Do you identify as a socially disadvantaged farmer or rancher? (circle one) **Yes** **No**
